Water & corrosion

Corrosion prevention

- **AnoSil 50**
(tap water – corrosion prevention)
- **AnoSil 140**
(tap water – corrosion & scale prevention)
- **Cetamine F3100**
(closed circuits with/without Zn or Al)
- **Cetamine F360**
(closed circuits with Zn or Al)
- **Cetamine F364**
(corrosion + biofouling prevention)
- **Ferrolix 8840**
(corrosion prevention and antifreeze)

Biofouling prevention

- **AnoPer 8101**
(stabilised hydrogen peroxide)
- **AnoLyse**
(electrolytic chlorine disinfection)
- **Cetamine F364**
(corrosion + biofouling prevention)
